***Election/Restrictions***

Claims 1-6, 13, 14, 17, 61-65, 68-73, 76, 77, 80-82, 85-148 are allowable. The restriction requirement between Species I-VII, as set forth in the Office action mailed on 26 July 2005, has been reconsidered in view of the allowability of claims to the elected invention pursuant to MPEP § 821.04(a). **The restriction requirement is hereby withdrawn as to any claim that requires all the limitations of an allowable claim.** Claims 15, 16, 66, 67, 74, 75, 83 and 84, directed to the seismic source and second wellbore no longer withdrawn from consideration because the claim(s) requires all the limitations of an allowable claim. Claims 7-12, which required all the limitations of an allowable claim, previously withdrawn from consideration as a result of the restriction requirement, were canceled by applicant in the reply filed on 26 August 2005. The canceled, nonelected claim(s) may be reinstated by applicant if submitted in an amendment, limited to the addition of such claim(s), filed within a time period of ONE MONTH, or THIRTY DAYS, whichever is longer, from the mailing date of this letter. Upon entry of the amendment, such amended claim(s) will be examined for patentability under 37 CFR 1.104. If NO such amendment is submitted within the set time period, the application will be passed to issue. PROSECUTION ON THE MERITS IS OTHERWISE CLOSED.

In view of the withdrawal of the restriction requirement as to the linked inventions, applicant(s) are advised that if any claim presented in a continuation or divisional application is anticipated by, or includes all the limitations of, a claim that is allowable in

the present application, such claim may be subject to provisional statutory and/or nonstatutory double patenting rejections over the claims of the instant application.

Once the restriction requirement is withdrawn, the provisions of 35 U.S.C. 121 are no longer applicable. See *In re Ziegler*, 443 F.2d 1211, 1215, 170 USPQ 129, 131-32 (CCPA 1971). See also MPEP § 804.01.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
